| General Information      |  |
|--------------------------|--|
| Series                   | T556                                     |
| Dielectric               | Polymer Tantalum                         |
| Style                    | SMD Chip                                 |
| RoHS                     | No                                       |
| SCIP Number              | 43449f08-bd3e-4b72-a04c-6ca<br>7dd4144ff |
| Termination              | Tin                                      |
| AEC-Q200                 | No                                       |
| Typical Component Weight | 5.54 g                                   |
| Shelf Life               | 156 Weeks                                |

Bulk, Box 100

| Specifications     |  |
|--------------------|--|
| Capacitance        | 140 uF   |
| Tolerance          | 10%  |
| Voltage DC         | 6.3 VDC, 4.91 VDC (105°C), 4.16<br>VDC (125°C) |
| Temperature Range  | -55/+125°C                                     |
| Life               | 2000 Hrs                                       |
| Dissipation Factor | 5% (120Hz 25C)                                 |
| Failure Rate       | N/A  |
| ESR                | 120 mOhm (100kHz 25C)                          |
| Ripple Current     | 1510 mAmps (40kHz 85C)                         |
| Leakage Current    | 6.3 uA (5min 25°C)                             |
